

Photoshop is fun!

WSU Game Day

The above photo is a photo I took of Terrel library, and to the right is a photo of the WSU vs. Wisconsin game. Both should be at 96 ppi, as they are the photos I edited in part one. Due to that rather low resolution, I made find if I size these photos up, they will get blurry.

WSU Welcome Center

The third photo is from google, its about WSU. I found it at this link:

<https://www.studyusa.com/en/schools/p/wa006/washington-state-university>

Fonts:

Titles: Interstate Black - Adobe Fonts

Body: Bely - Adobe Fonts
